Should you require different technical specifications, please do not hesitate to contact us.

Why choose the Glucose 201+ System?

- Produce accurate results in under 4 minutes
- The disposable microcuvettes automatically draw a precise volume of specimen
- Precalibrated, portable analyzers that require a minimum of maintenance
- No calibration or instrument manipulation (between cuvette batches) needed
- Produces lab quality results within moments
- Can be used by non-laboratory personnel after a brief training session

Calibration

Calibration is traceable to the ID GC-MS method. The Glucose 201+ Analyzer is factory calibrated and needs no further calibration.

Also all Glucose 201+ analyzers are pre-validated by trained MediCapital Rent staff

Starter Kit

The standard Glucose 201+ starter kit carries the following items:

- 1 Glucose 201+ Analyzer (please choose g/l or mmol/l option)
- 25 Glucose Cuvettes
- 25 Safety Lancets or 25 Diff-Safe blood dispensers
- 5 Cleaners
- 100 pcs Gauze

This start-up kit will be offered in a sturdy transport case

Additional and Re-Supplies

MediCapital Rent can offer tailor made starter kits and also can arrange re-supply of disposables during your study
