For a suitable tailor made quotation, please contact us at:

- E: [sales@medicapitalrent.com](mailto:sales@medicapitalrent.com)
- T: +31 71 581 4 581

Should you require different technical specifications, please do not hesitate to contact us.

### Easy to Use

IL 10 digital incubators offer an economical and space saving solution for microbiology or haematology applications. The temperature can be freely adjusted in increments of 0,1 °C up to a maximum of 70 °C. Heating elements are incorporated into the housing base and walls to ensure temperature stability and uniformity. The IL 10 is available with a transparent plexiglas® window to provide full visibility. The housing and door frame are constructed entirely of epoxy coated mild steel.

### Complete Package

The MediCapital Rent series of incubators are designed for laboratories and clinics that require contemporary styling, accuracy and economy in a basic incubator package.

### Reliability

Successful incubation is dependent upon the environmental conditions. As such, you need to trust that your valuable samples are maintained in a safe and efficient manner. This incubator is designed to provide long-term performance with optimal conditions. The incubator has a chamber uniformity of +/- 0.5C at 37°C within the bounds of the shelf area.

### Validation

All MediCapital rent Incubators are validated upon shipment and provided to the site including certificates and documentation.
