Should you require different technical specifications, please do not hesitate to contact us.

Easy to Operate

Wall mount for the display device, standard. Intuitive operation using a keypad. Simple and convenient 4-key operation.

Full of Function

Dynamic weighing function, ideal for restless patients, PRE-TARE function for 5 different weights, BMI function to determine normal weight / surplus weight, data hold function: When the weighing value remains unchanged the weight indicated on the display is automatically "frozen" until the REPEAT key is pressed.

Medical Device

Approved as a medical device in accordance with 93/42/EEC

Sturdy Weighing Plate

Sturdy steel weighing plate with a non-slip and wear-resistant surface. For easy and hygienic cleaning. Sturdy transport case to protect and store the scale.

Secure

Secure and non-slip positioning with height-adjustable rubber feet.

Accurate Results

Level indicator and foot screws to level the balance precisely, fitted as standard, to give the most accurate weighing results.
