Should you require different technical specifications, please do not hesitate to contact us.

Easy to Use

The T34L is light, compact & robust ensuring it can be used in a wide variety of treatment settings including hospital in- and out-patient & homecare. This also make the T34L pumps the ideal pump for Clinical Trials.

Safety

The T34L constitutes a major advance in technology incorporating active & passive safety features configurable to local practice and protocols and lockable to prevent use or change by unauthorized personnel.

Complete Package

The T34L will be supplied including Rechargeable Li-Ion-Polymer battery, Power Adapter and Pole-Mount

Display
