Should you require different technical specifications, please do not hesitate to contact us.

Complete Package

The PRO 6000 Digital aural ear thermometer is offered including the convenient holder base.

Reliability

Probe cover detection system ensures a new probe cover is always used, improving accuracy by ensuring precise infrared heat transfer

PerfecTemp Technology

Provides superior measurement accuracy even without the need for precise positioning of the thermometer in the ear and corrects for shallow placement of probe in ear, a common issue that can result in a low reading.

Accessories

All PRO 6000 Digital aural ear thermometers are offered including a start-up kit containing 20 disposable probe covers. Additional supply of probe covers is also available via MediCapital Rent

Superior User Interface Design

- Large, backlit display that's easier to read in low room light conditions
- Display has been relocated to the rear of the device for easy viewing
- Ergonomic handle design that is comfortable to hold and operate
- Audible and visual cues that guide the operator on proper use
